Reviews from users Dod Bamber: I hate this app. Didn't work and wouldn't allow me to unsubscribe within the trial period. I am still trying to unsubscribe after an hour, to avoid losing \$50 for nothing.Yeah Okay: It doesn't do anything at all. If a device won't connect you your phone then the app can't fix that.arifil islam: This Bluetooth connection app works perfect on my phone.It didn't give any lag on my phones.thanks for giving like that app?? it hooks me up to my Bluetooth on other devices without even having to worry about whether you are connected or not. When i do work out then the apps help me so much. It automatically connects and then lets you know that there's a connection. This is perfect for the person who has a job where you're going all the time. It's Bluetooth made easy.?????? ???? : Worked for what I needed. My version of android has this "previously used devices" functionality in its bluetooth app and when I used my keyboard on another device and then tried to connect again I ended up with a previously used device that wouldn't reconnect and couldn't be added again. With this app I was able to sort it out. Thank goodness. I will keep it handy. Clearly more functional than Google.Bruce Jackson: The app works really well. I connected my smartphone to wireless headphones and another smartphone without any problems. And most importantly, everything works fine, although my phone model does not connect through any application. There are also many different tinctures and functions. Suitable for different users. I give 5 stars.Jeremy Cavender: The app is just great! With it, I was able to connect a fitness watch, headphones and speakers to the phone. You can also connect a clock, keyboard, gamepad and more! Simple and user-friendly interface will facilitate the use of the application Everything works very quickly. I recommend the applicationLaura Webb: Recently I bought myself bluetooth headphones, but it happened that they turned off or the sound disappeared. I was looking for this problem and I was advised this application, thanks to this application, everything began to work fine. At the same time, the application has many useful functions. I recommend this program to everyone.Richard Marquez: I really enjoyed using the application. A week has already passed since I downloaded it and I am completely satisfied with the functionality of the bluetooth connection. There were no errors or problems during use, the connection speed is good enough and the file transfer is very fast. having tried this application I can now recommend it to others.Jaylene Haas: ? really like the new app. After a long search for a bluetooth application and failures, I was very pleasantly surprised by the performance of this application. I can say that it works fine and there were no problems with it, and it fits any android and connects to any bluetooth gadget you need. I highly recommend downloading it.Abram Cordova: I have been looking for a suitable application for a long time, since I use bluetooth every day at work. After all, this is one of the best and fastest ways to transfer files, we all use bluetooth at work. But until I found this application, my bluetooth did not work very well. Therefore, I was very surprised at the good work of this bluetooth connection app and even recommended it to several colleagues. I give all 5 stars.
